Policy Readiness and Stage of Change Needs Assessment (PRSCNA)

Basic Information

The 130-item Tobacco Control Network (TCN) PRSCNA was designed to help tobacco prevention and control programs self-rate their readiness to work on evidence-based and promising policy and system changes in preparation for new federal funding applications and to guide future TCN technical assistance.

Transferability of measure across settings: Mostly transferable (112 of 130 items transferrable)

Citing Literature

Empirical use: Roeseler A, Solomon M, Beatty C, Sipler AM. The Tobacco Control Network's policy readiness and stage of change assessment: What the results suggest for moving tobacco control efforts forward at the state and territorial levels. *Journal of Public Health Management and Practice*. 2016;22(1): 9-19.
